

OUR MISSION

Our mission is to enrich the lives of children with a brain injury and give hope to their families through support and education.

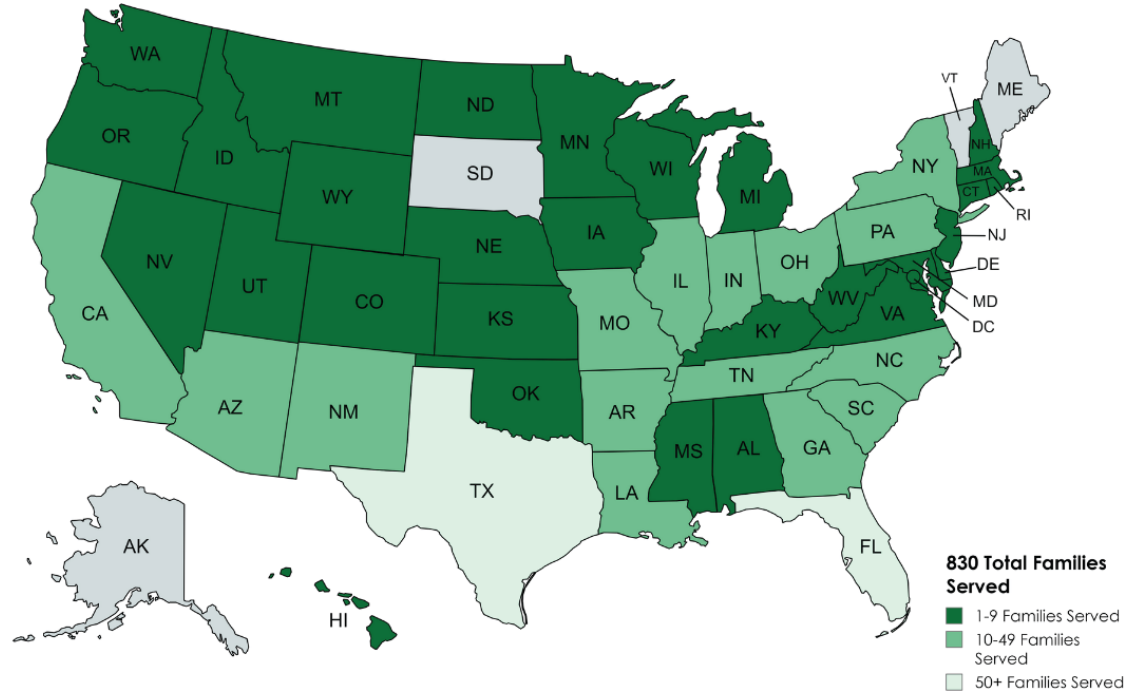

At the heart of our services is the conviction that the health and well-being of these children can improve over time if families have access to educational materials, therapeutic services, and adaptive equipment for their children. We also believe that families can gain strength by connecting with one other.

SERVING CHILDREN THROUGH THE AGE OF 18 WITH AN ACQUIRED BRAIN INJURY.
